

TEMPO t35 wooden Chair

design Timo Saarnio

A universal wooden chair. A strong wooden frame is hidden under the thin form-pressed seat and back, which gives the chair an extremely simplified look. Despite the straight form the Tempo chair is highly comfortable, and the comfort can be increased with an upholstered seat.

PRODUCT DETAILS

Solid wood legs and frames
Plywood seat & backrest
Lacquered or stained

Options

Wooden parts: beech, oak or ash
Upholstery: seat upholstery
Accessories: chair trolley

Project product only. Please ask for details.
